

**DTEK**  
DIVING EQUIPMENT

## DESCRIPTION

- The First Skin set is a light thermal underwear, that include long sleeves T-shirt and leggings suitable not only for diving, but perfect for all outdoor sports.
- It's made of run-resistant microfibre fabric with high breathability that offers comfort and allows the passage of moisture created during activities.
- The sporty cut gives excellent mobility while flat seams allow you to wear it comfortably under other clothes.
