

HOW TO TAKE MEASURES FOR A DTEK DRY SUIT

- All measures must not be taken alone, but with assistance from a second person, otherwise will be altered for poor posture due to the movements during self measurement.
- All measures must be taken with a flexible measuring tape (tailor meter) because it favors the curves of the body.
- The body must be kept relaxed and upright.
- All measurements shall be taken in centimeters or specifically indicating the unit of measurement .
- Measurements must be taken while wearing tight-fitting clothing.
- As a further means of comparison it would be useful to send e-mail, photos front / back / profile, with arms perpendicular to the body with tighttittin-fg clothing.

1- HEAD CIRCUMFERENCE

The measurement should be taken above the eyebrows to about half the face

2- NEK CIRCUMFERENCE

**The measurement should be taken in
the central part of the neck**

3- FRONT HEAD TO NEK BASE

The measurement should be taken from the front (line measure n ° 1) over the heads towards the insertion of the spine

4- SHOULDER (MEASURE BETWEEN COLLARBONE)

The measurement should be taken from side to side between the two bony prominences of the shoulders

5- CHEST CIRCUMFERENCE

The measurement should be taken under the armpits with your arms at your sides in a relaxed position

6- WAIST CIRCUMFERENCE

**The measurement should be taken at the narrowest part of the trunk
(usually just above the navel)**

7- HIP CIRCUMFERENCE

The measurement should be taken at the level of the most prominent part of the buttocks

8- FROM THE BASE OF THE NEK TO THE RECESS OF WAIST

The measurement should be taken from the base of the neck to the recess of life
(measured line n ° 6)

9- TOTAL CROTCH FROM FRONT TO BACK

The measurement should be taken in a circular fashion around the body starting from the neck through the inside leg

10- BICEPS

The measurement should be taken around the biceps keeping it relaxed

11- ELBOW

**The measurement should be taken
around the elbow**

12- FOREARM

**The measurement should
be taken in the thickest
part of the forearm
(under the elbow)**

13- ARM LENGTH

The measurement should be taken from the tip of the shoulder to the wrist bone externally keeping the arm along the body

14- WRIST

**The measurement should be taken
around the wrist**

15- ARM LENGTH FROM HEAD BASE TO WRIST

**The measurement should be taken from
the spine to the base of the neck ,
passing over the shoulder along the
outstretched arm to the wrist**

16-CENTER / BACK / SHOULDER / WRIST

The measurement must be taken from the spine to the base of the neck, passing from the shoulder to reach the wrist with the arm perpendicular to the body

17- THIGH

The measurement should be taken around the thigh (about 8 cm below the crotch area) keeping the same resting on the ground and relaxed

18- KNEE

**The measurement should be
taken around the knee**

19- CALF

The measurement should be taken around the thickest part of the calf with leg resting on the ground and relaxed

20- ANKLE CIRCUMFERENCE

**The measurement should be
taken around the ankle**

21- LENGTH OF THE LEG FROM THE GROIN (CROTCH) TO THE GROUND

The measurement should be taken from
the groin perpendicular to the ground

22- LENGTH FROM THE GROIN (CROTCH) TO THE KNEE

**With straight legs, measure the length, along
the leg, between the groin and the knee**

23- KNEE TO ANKLE

The measurement should be taken from the center of the knee to the ankle

24- LENGTH FROM THE WAIST TO GROUND

**The measurement should be taken
perpendicular from the waist
(measured line No. 6)
to the ground**

25-LENGTH NECK/WAIST

**The measurement should be
taken from the neck to the
waist in front
(line measure No. 6 .)**

26- TOTAL HEIGHT

27- FOOT SIZE

The measurement should be taken perpendicular over his head upright and relaxed to the ground

To measure the shoes refer to the table on the site

28- BREAST HEIGHT (WOMEN ONLY)

**Only for female suit, the
measure must be taken from
the neck up to the height of
the nipple**

29- BREAST CIRCUMFERENCE (WOMEN ONLY)

Only for female suit, the measurement should be taken with the arms resting at your sides in a relaxed position, the whole height of the nipples

30- SIZE MEASUREMENT FOR THE HAND (DRY GLOVEUSE ONLY)

**The measurement should be taken
on the circumference of the hand
below the knuckles**
